DETAILED ACTION

And

Examiner's Reasons for Allowance

1. Claims 1-4, 6, 9, 10 and 12-24 have been allowed.
2. Claims 5, 7, 8 and 11 have been cancelled.

Examiner's Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: The claims are allowed for at least the reasons being cited.

3.1 As regards independent claims 1, 12 and 13 and using independent claim 1 as an example, the following limitations, in combination with other limitations, are neither anticipated nor made obvious by the prior art, *"automatically generating a repair file based on said simulation path data, said repair file predicting at least one of said fuses to implement said repair to a specific failure of said design"* in combination with *"generating a repair program based on said repair file such that said at least one of said fuses simulates as a programmed"*.

The combination of Applicants' instant amendments to the claim language and persuasive arguments presented in the 9/12/2005 responses have been sufficient to prove the novelty of the expressly claimed limitations.

3.2 As regards dependent claims 2-4, 6, 9, 10 and 14-24 they are allowed for at least the reason that they depend from an allowed base claim.

3.3 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
